

EVENTS

Santa Bica is a place that fills the soul of those who visit it. Located in the heart of the city of Lisbon, in the typical Bairro da Bica, the space meets the perfect conditions for those who like to enjoy the good experiences of life. We create unique memories that will bring you back.

It is said that those who taste the typical Portuguese food, never forget it. This is one of the reasons why our customers come back, again and again. Taste the best tapas and our delicious dishes, made with quality products and with guarantee of a daily freshness. Enjoy the most diverse drinks, so necessary for a good time.

We have two pleasant and cozy interior rooms, one with capacity for 25 people and another more intimate, with a capacity for 15 people. We also have our outdoor terrace with capacity for 30 people in the winter and for 70 people in the spring and summer, where you will have the unexpected company of a lemon tree. Here you will be able to glimpse the Rio Tejo through the roofs of the old Lisbon buildings and will be accompanied by the constant passage of the acclaimed Elevador da Bica.

Santa Bica is the ideal space for group lunches or dinners, special celebrations, events or meetings, where you can always count on our professionalism and dedication. We will keep in our memory your words, your smile and your look, which will reveal your satisfaction. This is our essence. We have menus created for each occasion, but we can also create menus for each client.

Being also a Guest House, and in case of need, Santa Bica has rooms available, where the contemporary and the modern intersect. We believe that small details are the secret, why not discover them?! All spaces merge and create a dynamic that will surely please you.

Do not hesitate to consult us, we will always be available.
